

Financing progress.

BAYERISCHE LANDESBANK

Presentazione

Bayern LB or Bayerische Landesbank (Bavarian State Bank) is a publicly regulated bank based in Munich, Germany and one of the six Landesbanken.

It is 75% owned by the Free State of Bavaria (indirectly via Bayern LB Holding AG) and 25% owned by the Sparkassenverband Bayern, the umbrella organization of Bavarian Sparkassen.

With a balance of €273 billion and 8,241 employees (in the group), it is the seven-largest financial institution in Germany.

As a streamlined specialized bank, Bayern LB is a major investment financier for the Bavarian and German economy, committed to progress.

Its customers – companies, financial institutions, investors, savings banks and the public sector – are at the center of our sustainable approach.

As a stable and financially strong bank with international activities, Bayern LB works efficiently and thinks long-term.

Bayern LB has long-standing experience and in-depth knowledge of the sectors in which its customers operate.

It understands their business challenges for the future, offers solutions that match their needs and are partners on an equal footing – always cultivating reliable and trusting working relationships.

Bayern LB has been present in Italy for more than 30 years with its own branch in Via della Moscova, 3 (Milan) and offers a wide range of products with financing activities in the commercial and financial sector both in the Italian and in the German market.

The following business lines are dedicated to "Multinational" customers:

- Real Estate Finance, medium- and long-term mortgage financing, bilateral and pooled, VAT financing and liquidity lines;
- Project Finance, financing with particular focus on initiatives in the renewable energy and infrastructure sectors;
- Corporate Finance with bilateral financing activities and syndicated loans, uncommitted lines and guarantees
- Structured and Leasing (which refers to financing provided to specialized financial institutions) and also Export Finance (financing with SACE coverage).
